30-second explainer script introducing the “*Backtest Your Strategy*” feature.

“What if you could time-travel your trading strategy back 10 years... without the DeLorean?”

Right now, millions of traders are gambling with real money on untested hunches. It's like performing brain surgery after watching a YouTube tutorial - risky and expensive.

Introducing Nubra's Backtest Your Strategy - your trading time machine. Simply input your rules, select any historical period, and watch your strategy fight real market wars. Bull markets, crashes, sideways trends - see how you would have conquered them all.

Transform expensive experiments into profitable predictions.

Time-travel your trades on Nubra. Your wallet will thank you.”
